

Catch-Up Premium Plan 2020/21

Funding allocation £80 x 708 - Year 1 £37,616

Year 2 £26, 863

COVID-19 Catch Up Premium Spending

The government COVID-19 catch-up premium has been established to mitigate the effects of the unique disruption caused by coronavirus. The grant will only be available for the 2020-2021 academic year. At Hollins our catch-up strategy is to have a holistic approach which includes all year groups and a broad range of subjects, all with equal importance. We have ensured that we have assessed the guidance offered to us and used official research to underpin decisions. Please see the Catch Up Premium Report for more specific information of how the funds have been and will be allocated.

Target	Actions	Success Criteria	Time scale	Costing	Lead Person	Comments
